**TITLE OF PRESENTATION:** Just Don't Bore Them!  
Combining music, movement & affordable activities

**FOR PARENTS & EDUCATORS OF:** Tots thru 2nd Graders

### **DESCRIPTION OF PROPOSED PRESENTATION:**

If you don't get excited, neither will your kids. Parents & educators learn how to actively engage young children (tot through 2nd grade) with fun-filled dance, gross motor activity, and verbal responses that teach a variety of concepts and improve comprehension. We'll sing, write our own song, swim like fish in the sea, march like army ants, play a clapping game, make a cabaret hat for a conga, and much more. Verbal and physical participation required by all attendees.

Participants will be asked to complete simple crafts/activities that relate to the music content, to dance, to sing, to follow instructions, to contribute ideas based on what they hear, and to respond both verbally and physically to the lyrics of the songs.
